## The Site for the New Hospital.

It was interesting, at the meeting of the Sanitary Board yesterday afternoon, to hear the remarks of Mr. Hartigan and Dr. Bell in regard to the site for the proposed new hospital at Kennedy Town, and to note how widely they differed in their opinion.

The President (Hon. R. D. Ormsby) said that the Tung Wah Hospital was a private institution. The members of the Sanitary Board were not to put their plans before the Board to be criticised, but to put the plans of the Tung Wah Hospital before the Board to be criticised.

Dr. Hartigan did not want to raise the question by any means, but now that you have raised it, I would like to point out that, in my opinion, I asked for plans and the Government Disinfecting Board will have to put in their own plan. They have submitted, and I think I have sufficient reason from what I am going to say, for pressing this point.

Dr. Hartigan said that the site for the new hospital was a piece of land in Kennedy Town, and that the site was a piece of land in Kennedy Town, and that the site was a piece of land in Kennedy Town.

## CANTON NOTES.

(From Our Own Correspondent.)

CANTON, December 18.

A gentleman has returned to Canton after a visit to the Wai Chau Prefecture. He found the people peaceful everywhere. The reaction is quite over. In some districts the soldiers are oppressing the people. Their plan is to arrest some one, and hold them for a ransom. If money is not forthcoming, the prisoner or prisoners are handed over to the nearest magistrate and accused as rebels or adherents of the rebels. The dread of such a fate is generally sufficient to enable the soldiers to get all they desire.

The man who pillaged the houses of the Christians in Shan Ho in order to avoid the hand of justice has brought a large number of his followers to Canton. They are now in the city, and are being kept in the city. They are now in the city, and are being kept in the city.

A DUTCH SLAVE GIRL. A Chinese slave girl, who had been sold to a Chinese man, was found in the city. She was found in the city, and was being kept in the city.

A big fire occurred yesterday in that part of Foshan where a lot of women are concentrated together. Some of them were burned to death, others escaped, and many were injured. The fire was caused by a woman who was smoking a pipe.

PROSECUTING THE DEAD. It is rather hard that the novel and Society to photograph the bodies recovered from the passage boat, has proved a failure. The photographer, who was paid a good fee for the job, tried to make a photograph of the body, but the body was so badly decomposed that it was impossible to make a photograph.

THREATENED INVASION OF CAPE COLONY. London, November 26.—It is reported that the Boers propose to carry out the Cape frontier, hoping by this means to encourage the disaffected Dutch to rise and join the Boers. The Cape Government has been informed of this, and has taken steps to prevent the invasion.

BRITISH SUCCESSION. November 16.—Commandant De Beer, with a force of 500 men, is reported to be still in the township of Schweizer-Reneke, although it was twice temporarily relieved. Colonel Chamberlain, with the garrison of 250, is gallantly resisting the Boers.

November 17.—News is to hand of an attack by Boers on a British camp near Vryheid, in which they sustained a bad repulse. General Clements is reported to have dispersed 400 Boers who had three guns under Commandant Delany.

It is reported that 200 of the Boers, who were entrenched at a place called Willem River, were killed by the British. The Boers were killed by the British, and the Boers were killed by the British.

November 22.—General Clements is reported to have dispersed 400 Boers who had three guns under Commandant Delany. The Boers were killed by the British, and the Boers were killed by the British.

November 23.—General Clements is reported to have dispersed 400 Boers who had three guns under Commandant Delany. The Boers were killed by the British, and the Boers were killed by the British.

## STREET WATERING CARTS.

A Necessity on the Lower Levels.

At the meeting of the Sanitary Board yesterday, the President (Hon. R. D. Ormsby) in the chair, a discussion arose on the subject of street watering carts.

Mr. Ormsby said—in regard to this matter it is common knowledge throughout the world that the dust of streets affords a dangerous medium for spreading disease, and the Sanitary Board, desiring to introduce a more efficient method of street watering than the 'bucket' system at present in vogue, after obtaining information from Shanghai on the subject, decided that so long as the crowded lower levels were concerned the work should be done by carts, and having obtained tenders for the construction of a few carts as an experiment, the Government was asked to approve the expenditure.

Nothing could more forcibly illustrate the ridiculous position in which the Sanitary Board stands in the carrying out of its duty, than the fact that the Government has called to the attention of the Sanitary Board, and also that the attention of the Government be called to the fact that the Government has called to the attention of the Sanitary Board.

Mr. Ormsby—I move that the report be forwarded to the Government and to the Sanitary Board, and also that the attention of the Government be called to the fact that the Government has called to the attention of the Sanitary Board, and also that the attention of the Government be called to the fact that the Government has called to the attention of the Sanitary Board.
